Certificate of Testing and Compliance

Vestil certifies that this QUICK LIFT model number PEL-400-72, complies with all applicable OSHA regulations and national standards. Randomly selected QUICK LIFTS withstood a test load in the range from 100% to 125% of the rated load capacity according to reasonable test parameters. Visual inspection confirmed the soundness of all welds and the lack of permanent deformation or other defects in the test specimen(s).

The end user bears the responsibility to ensure safe, normal operability by testing and inspecting the unit periodically.
