WARNING
This is a supplementary platform, designed as a means for transporting equipment. It is not a work platform for use by personnel. Material handling is dangerous. To reduce the likelihood of injury: - DO NOT exceed maximum rated load. - Instruct all others to clear area BEFORE using platform. - Connect platform to lift truck carriage using safety strap WITHOUT slack. - Before using platform, inspect usage area for hazards. DO NOT use platform beneath or near sources of electricity or overhead obstacles. - Secure equipment (load) to platform with tie-down straps before transporting. - ONLY transport equipment with forks lowered. - DO NOT transport people or allow people to ride on platform during transport. - Transport platform ONLY with ramp raised and locked. - ONLY allow personnel to use platform to load/unload platform. Any person standing on platform must wear personal fall protection gear connected to lanyard attachment point. No more than 2 people may stand on platform. When platform raised 4ft (~1.2m) or higher, use guardrails & chains. - DO NOT pass beneath or stand under platform when raised or tilted or allow others to do so. - DO NOT leave elevated platform unattended. - DO NOT modify platform in any way, because platform might become unsafe to use.
